9th Grade: Curriculum for ninth grade is largely prescribed as noted on the Typical Course Sequence form. This is a good time for parents and students to note and discuss high school curriculum plans. Please ask Mr. Ritschard if you have questions. Freshmen do need to select a foreign language elective.

10th – 12th Grades: Please indicate the elective class(es) your student would like to add to their schedule next year. Please note that tenth grade students generally have room in the schedule for one elective period, while juniors usually have two and seniors as many as four. Please note that some electives do not meet every day and can be taken in conjunction with a study hall. Please do list study halls as electives. Please list any Eagle Online courses desired here as well; there is also a separate registration form for online courses that you can find on the PDCA website under "Eagle Online"

Please keep graduation requirements in mind when making elective choices. If you are uncertain, please call the school office.

Students, please indicate your level of interest in the following possible elective courses, and please write in other ideas if there are other subjects you'd like to see offered.
